Camp Curriculum

Azzurri F.C. Camp focuses on teaching, training and developing players. Our focus is the development of the "total player", paying close attention to each camper's strengths and weaknesses. Our emphasis is to instruct and assist players beyond their comfort level. In addition to a very qualified coaching staff, our camp offers a training curriculum which is progressive and challenging. Azzurri F.C. Camp will offer drills to improve field vision and decision making, along with increasing each player's speed of play, technically and tactically. Our camp will also provide for the specialized development of the goalkeeper, outlining training drills to improve match performance. At the end of the camp each player will receive a thorough and complete player evaluation.
